Professor John Cole

“The best way to predict the future is to invent it.”

-Alan Kay

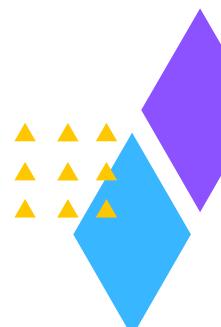

letter from Jerry Alexander

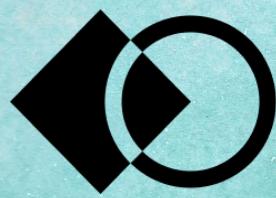

Dear ACM leaders and members,

Thank you for your leadership and energy in being a valuable resource for Jonsson School students. Your programs have provided opportunities for Jonsson School students to learn new information, develop new skills and make new connections. You play a valuable part in creating engagement opportunities for our corporate partners. Thank you again for a successful year in spite of the limitations imposed by the pandemic. Congratulations to all of the 2020-21 graduates.

Sincerely,
Jerry Alexander
Assistant Dean for Student Development
